Lab Assignment 1

Q1-   Correct the errors in the code below.

```
11    public class FirstProject {
12
13        /**
14         * @param args the command line arguments
15         */
16        public static void main(String[] args) {
17            System.out.print( s:"it's my first project");
              System.out.println( x: hello world);
              System.out.println( x:"I love Java")
20
21
22    }
23
```

Q2-   Write a program that displays "I love Java" 5 times.

Q3-   Let x be 16. Write a program that calculates 5 times, half, square and third power of x.

Q4-   Write a program that displays the area of a circle with the radius of 5.

Important Notes
*-Write your name, surname, and student ID at the beginning of code **as comment** lines.*
*-Write all your work in a single **main** method.*
*-Upload just single **.java** file, not all project, word document, or zip file etc . (FirstProject.java)*
*-Due date: **Oct 4th, 23:59***
*-There are two different assignments in Microsoft Teams for **formal education/ night education**. Upload your work only to related assignment.*
